

Can You?

Patricia W. Felker

I was out there on my own
Was so proud of how I'd grown
Thought my life was so complete
Till my old friend found me

He had changed from what he'd been
More at peace, a better friend,
Had a different point of view
A new attitude

Then one day I asked him why
Said I didn't want to pry
He thought awhile, then out it came:
Jesus Christ, His name.....

Chorus 1: Can you do for me what You did for him?
Can you heal my life ...make me new again
Can you work your plan where my dreams end?
Can You? Can You?

The Savior's love seemed brand new
Some looked on without a clue
He did what no one else had done,
Proved He was God's son

He healed the sick and raised the dead
Through him, hungry hearts were fed,
He saw deep down into the soul
But, he was merciful

Then I learned the meaning of
Uncommon, sacrificial love
He could melt the hardest heart
Dry their tears and heal their scars

Chorus 2: Can you do for me what You did for them?.....

Bridge:

Jesus, I need to know you'll take me in__
Renew my heart and make me whole again
I'll change my life, I'll place it in your hand,
If you can do the things you claim you can.....

Repeat Chorus 2
