

# Place That Kind Of Faith In Me

Patricia W. Felker (ASCAP)

*(based on Hebrews Chapter 11, and the heroes of our faith)*

Abraham obeyed the Lord's command  
Set his sights to find the promised land  
All the while, he couldn't see the place where He was going  
Moses chose to face the Pharaoh's wrath  
Crossed the sea along a dusty path  
Looking for a home where he'd find milk and honey flowing  
    Though they never laid their eyes  
    On the long awaited prize  
    Their faith reached to the skies

Chorus:

There is a faith that moves mountains  
A faith that calms the seas  
A faith that feeds the hungry  
Lord, place that kind of faith in me  
Oh, place that kind of faith in me  
Place that kind of faith  
Place that kind of faith in me,... in me,... in me...

David killed Goliath with a stone  
Faced the enemy out on his own  
Kept the Philistines from taking all he held so dearly  
Noah built an ark to God's design  
Kept his family safely hid inside  
Till a sign appeared revealing God had saved them, clearly,  
    Though they couldn't see ahead  
    They continued on instead  
    Trusting what God had said

(Chorus)

Bridge: Place that kind of faith,  
    Place that kind of faith  
    Deep down inside let me see.....

(Chorus)
